

Date: 4th July 2010**REACH PRE-REGISTRATION CERTIFICATE**

In compliance with Regulation (EC) No 1907/2006 of the European Parliament and of the Council of 18th December 2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH):

Company: Zochem Inc.
Client Contact Person: Khalid Abdullah
Client contact mail: kabdullah@zochem.com

has appointed H2 Compliance to act as its Only Representative in accordance with Article 8 of the regulation.

H2 Compliance confirms that it has completed the pre-registration process for the substances for which Zochem Inc. has indicated an obligation. Zochem Inc. will proactively inform H2 Compliance should further substances require pre-registration.

As a result of Zochem's appointment of H2 Compliance as their Only Representative; under the REACH regulation H2 Compliance will become the importer *pro forma*, while your status will change from "importer" to "downstream user". Consequently, you will be relieved of your obligation under REACH to register substances supplied by Zochem Inc.

Note however, that this change of status pertains only to the tonnage of substances supplied by Zochem Inc.; should you import the same substances from other Non-Community Manufacturers, you may still have an obligation to either register these substances with ECHA or have your suppliers appoint an Only Representative.

If you have any questions regarding this document, please contact H2 Compliance at +353-21-4209049 or via e-mail at info@h2compliance.com.
