Our "Zinc Oxide" and "Zinc Oxide USP" products do not contain any Substances of Very High Concern (SVHC), or candidate SVHC, for REACH authorization listed at <https://echa.europa.eu/substances-restricted-under-reach> above threshold levels as of ECHA's SVHC list updating 17February2021.

2. U.K. REACH. This is to certify that Zochem is in the process of DUIN (Downstream User Import Notification) process for its zinc oxide with the U.K. (pre-registration). Zochem's U.K. OR: Reach Only Representative Ltd.

3. For other REACH jurisdictions (example, ROR (Republic of Korea) K-REACH), it is the responsibility of the importer to comply with REACH registration requirements for zinc oxide substance in their jurisdiction for any zinc oxide imported from Zochem.
