## CALIFORNIA PROPOSITION 65 STATEMENT

Product: Zinc Oxide

CAS # 1314-13-2

EINECS # 215-222-5

January 21, 2026

Dear valued customer,

This certifies that Zochem's French Process Zinc Oxide and Zinc Oxide USP products, as supplied to industrial customers for further processing, comply with California Proposition 65 (Safe Drinking Water and Toxic Enforcement Act of 1986, as amended effective January 1, 2025).

Products contain trace, naturally occurring levels of cadmium (as CdO) and lead (as PbO), both Proposition 65-listed chemicals, below levels requiring consumer warnings per OEHHA safe harbor thresholds (NSRL 0.5 µg/day for lead; MADL 4.1 µg/day oral for cadmium). No Prop 65 labeling is required on Zochem shipments. Downstream users must evaluate final product exposure.

Regards,

Khalid Abdullah  
IMS Manager
